

GRIPE WATER

Composition:

Each teaspoonful 5 ml contains:

Terpeneless dill seed oil	2.3 mg
Sodium bicarbonate	52.5 mg

Properties:

GRIPE WATER contains terpeneless dill seed oil, which exerts a direct spasmolytic effect on the smooth muscles of the gastrointestinal tract causing prompt relief of intestinal colic. Dill oil also has a potent carminative effect facilitating the expulsion of accumulated gases with subsequent relief of flatulence. Sodium bicarbonate, the other ingredient of GRIPE WATER, helps to alleviate hyperacidity and indigestion. These properties impart to GRIPE WATER a calming effect which helps infants and children to enjoy a normal quiet sleep. GRIPE WATER is safe, free from Preservatives, artificial coloring matters and flavoring agents.

Indications:

- For rapid relief of gastrointestinal colic.
- For rapid relief of hyperacidity, indigestion and flatulence.
- For prevention of sleep disturbances and irritability due to gastrointestinal disorders and teething.
