

# ORGANIZATION GESTOSIS

Obstetricians, gynaecologists, perinatologists, nephrologists, epidemiologists and staticians, pathologists, geneticians, immunologists, psychiatrists, health officials. Midwives, nurses, traditional birth attendants (TBA) social workers. psychologist, intertested in the syndrome of EPH – Gestosis. EDEMA, PROTEINURIA AND HYPERTENSION occurs in

socio-economically depressed areas, where poor hygiene, malnutrition and lack of knowledge aggravates the the effect of inadequate prenatal care. The Society reports that EPH -Gestosis occurs in 10 % of the world population births, is reponsible for as much as 50 % of perinatal fetal deaths and is the cause of up to 35 % of maternal mortaity. Killer No. 1 for the babies and the mothers. The baby is 100 times more endangered than the mother
