

Welcome

On behalf of Abu Dhabi Obs./Gyne. Society, I am proud to welcome all delegates to our 41st International Organization Gestosis Congress in Collaboration with Ian Donald School congress "UPDATES IN WOMAN HEALTHCARE AND FETAL MEDICINE".

This congress program will feature most of the Obs./Gyne. Updates in all subspecialties with series of debates, which will devote precious discussions to the pertinent issues that affect today's fast changing practice.

I am pleased that you have taken the time to respond to our invitation to participate as speakers, chair persons and delegates.

The response from drug and medical exhibition and workshops has been overwhelming and I would like to express my appreciation to all of them.

The organizing committee has been planning for the conference for the last year; I hope the delegates will find the scientific program to be intellectually stimulating, the social program enjoyable and the fellowship memorable.
