INVITATION TO PROPOSE TOPICS & SPEAKERS

Dear Friends & Colleagues,

The organizing committee invites you to submit topics for discussion and, if possible, speakers who are experts in the relevant field:

- Drugs needed for stimulation: Biosimilar vs. Recombinant vs. HMG
- Agonist vs. Antagonist
- Natural cycles: for whom?
- Luteal support: mechanism of action, drugs used and for how long?
- Various endocrinological conditions: PCOD, poor responders, endometriosis
- Fertility Preservation? For whom?
- Fibroids and infertility

Kindly send your suggestions to: cogi@comtecmed.com

Zeev Shoham
